AC midsize umbrella FARE® Skylight®

Item 7749 red

Attractive midsize automatic regular umbrella with interior LED light

Convenient automatic function for quick opening, high quality windproof system for maximum frame flexibility in stormy conditions, flexible fibreglass ribs, Soft-Feel handle with integrated push button, button to turn off the light and promotional labelling option, higher corrosion protection due to black galvanised steel shaft, WEEE reg. no. DE 14360689, Batteries (3 x AAA) included in the scope of deliver.

Windproof PLUS

Maximum frame flexibility - exclusive to FARE top models. The umbrella can even withstand heavy gusts of wind. In extreme wind situations, the umbrella cover can fold inside out without the ribs breaking or snapping.

AC (automatic open)

Umbrella opens automatically at the push of a button.

EXCLUSIVE FARE®

EXCLUSIVE FARE® labels identifies products which are exclusively developed and produced by FARE or for FARE.
